

eResept 2.8.4 (#6063)

Release Notes

30.1.2013

No component defined

Command timeout disabled in the FM appserver. Only a transaction timeout is now enforced when communicating with the FM database.

[RENO-5035]

Fixed collation for Documents.1 database. This was causing problems in schema update #831 when the FM database did not have the default collation of the SQL Server instance.

[RENO-5037]
