Fix when rejecting a "Renew" question with "include question" present on the prescription:

- User answers "add to lib" with yes - user should manually answer "renew"
- User answers "add to lib" with no - "renew" should automatically be answered "no"
- User answers "renew" with yes - "add to lib" should automatically be answered "yes"
- User answers "renew" with no - user should manually answer "add to lib"
