

Forskrivningsmodulen (e-resept) 3.11.0 RC4 (#15238)

Release Notes

13.9.2017

Defect

- Fixed an issue with LesVarerIBruk EPJ API method. It would return the new element when using older namespace versions. It should only be returned for the latest namespace version 20170613.
[RENO-13341, Resolved, Bug 139485: is being returned using an older namespace.]
