Forskrivningsmodulen (e-resept) 3.4.16 (#10903)

Release Notes

28.10.2014

No component defined

In prescriptions view, "varer til" can now extend over 2 years and dosing of all zeros are now taken to be empty, preventing the FM freezing when 0 is typed into structured dosing.

[RENO-9170]

New messagebox type to notify the user when closing the FM and the patient is a PLO

[RENO-9275]

In prescription view the stop date should go away now when it should while editing simple structured dosing.

[RENO-9282]
