Forskrivningsmodulen (e-resept) 4.0.1 RC2 (#15913)

Release Notes

8.1.2018

Customer Defect

Not in RF prescriptions in AF no longer block the sending of messages on the signing queue.

[RENO-13971 (Bug 156864), Resolved, Bug 156864: LIB-ansvarlig has chosen "Ikke inkluder" in AF for an e-resept that is no longer in RF and still gets a notification that AF must be cleared when trying to send M25.1]
