Forskrivningsmodulen (e-resept) 4.2.1 RC1 (#16854)

Release Notes

9.8.2018

Customer Feature

The notification text when a patient has blocked a user from RF access has be shortened to exclude any reference to paper deliveries (M8)

[RENO-14681, Resolved, Update the notification for blocked user in RF]

Customer Defect

The inbox notification that informs users that the RF consent will be dropped won't be visible until the configured date for dropping the consent comes.

[RENO-14721, Resolved, Patient's consent message appearing prematurely in the inbox]
