

Forskrivningsmodulen (e-resept) 4.9.7 RC1 (#19288),

Release Notes

18.3.2022

Customer Defect

For a patient that has no PLL but is handled by a PLL doctor the remove whole lib operation in "samstemming" is now available if the signing queue is empty.

[RENO-17200, Resolved, PLL doctor cannot empty LIB of non-PLL patients]
