

Forskrivningsmodulen (e-resept) 4.9.7 RC3 (#19326),

Release Notes

1.4.2022

Customer Feature

Popup text changed when offering to create PLL before sign and send.

[RENO-17221, Resolved, CLONE (4.11) - As a PLL-enabled doctor, I want a different information text when creating PLL during sign&send]

Customer Defect

On sign and send callback the lib item list is no longer filtered for deleted items, except for loose(non PLL) registrations not in LIB.

[RENO-17220, Resolved, Prescriptions in AF disappears after choosing "Fjern lokal LIB" and doctor sends new M1.]
