# About Helsenorge

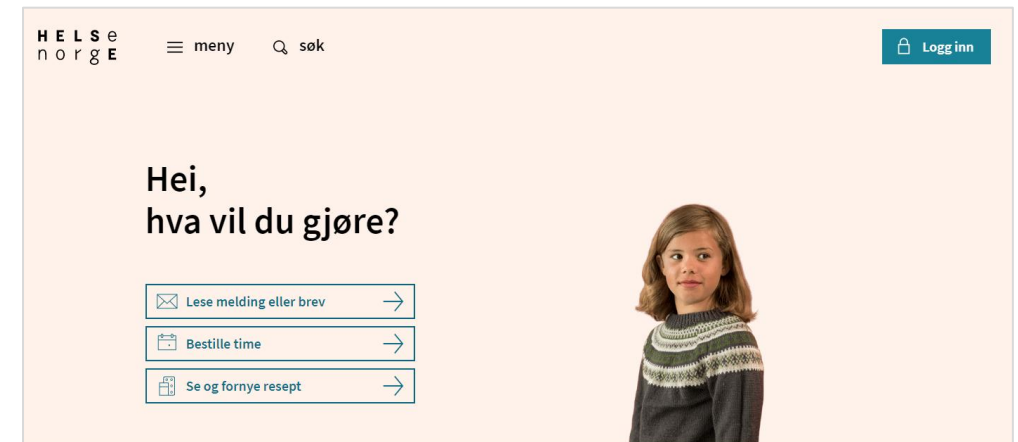

Helsenorge is a public website for residents of Norway. It provides information on a variety of health-related issues, and you can also log in to use digital health services.

The content is provided by various contributors in the healthcare sector, and Norsk Helsenett is responsible for the maintenance and development of the website.

Many organizations deliver content to the portal. Here is more information about most of our collaborators and their responsibilities: [Contributors \(information in Norwegian\)](#)

# One portal for secure digital healthcare

Helsenorge allows you to actively participate in decision-making and monitoring regarding your own health, as well as help your close ones.

Some services can be used on behalf of your children and persons who have given you power of attorney.

Helsenorge can also be used on phones and tablets.

In 2022 Helsenorge had over one million visits.

## The user's view of Helsenorge

# What you can find on Helsenorge

**Information pages**, where you find quality-assured health information on a variety of topics.

**Self-service solutions**, that give you access to various health-related services.

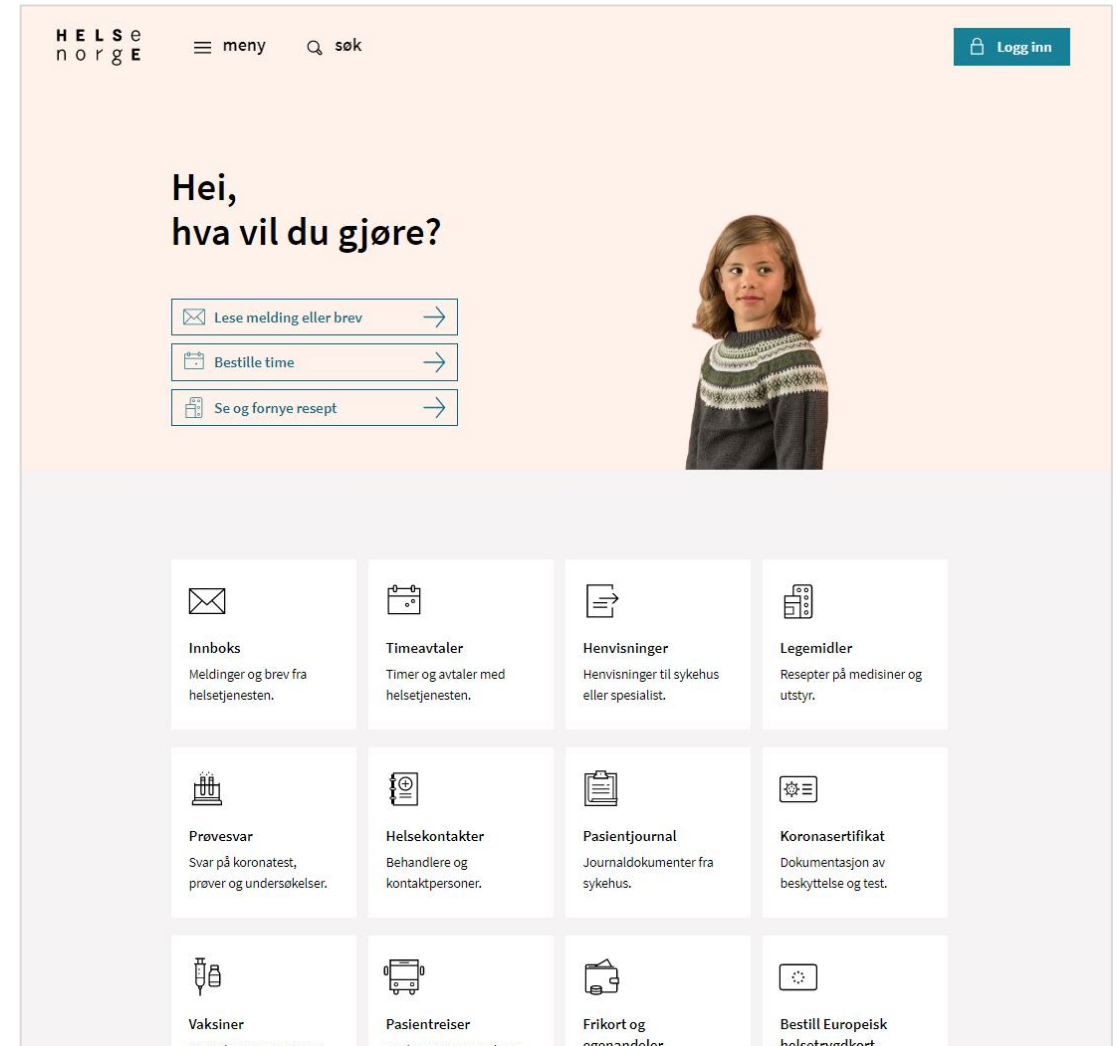

## The user's view of Helsenorge

# The Helsenorge front page

On the front page you'll find entrances to a selection of the digital services that Helsenorge provides, as well as some currently relevant articles.

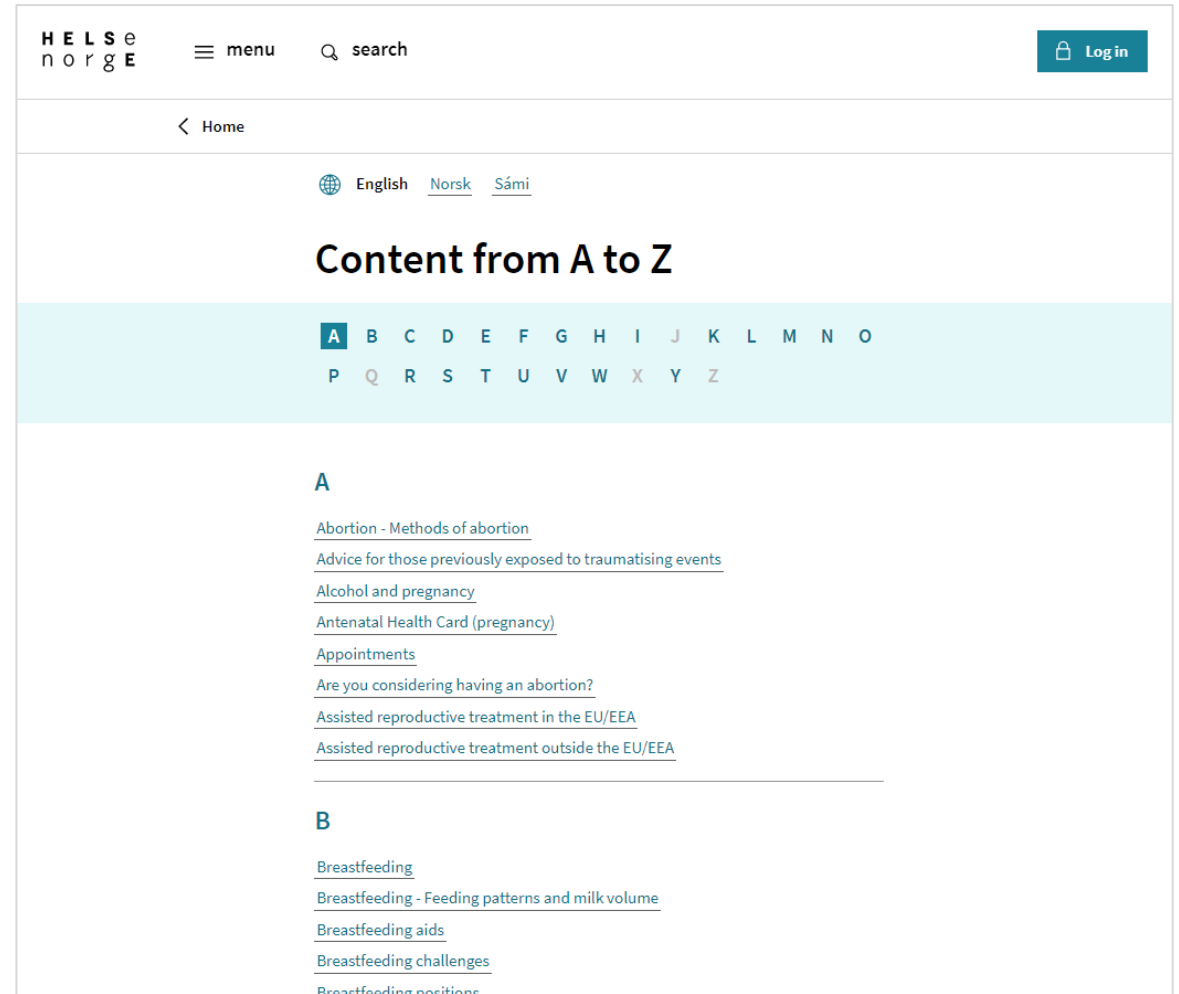

If you click one of the service boxes, you'll get more information about that service.

The user's view of Helsenorge

# Quality-assured content

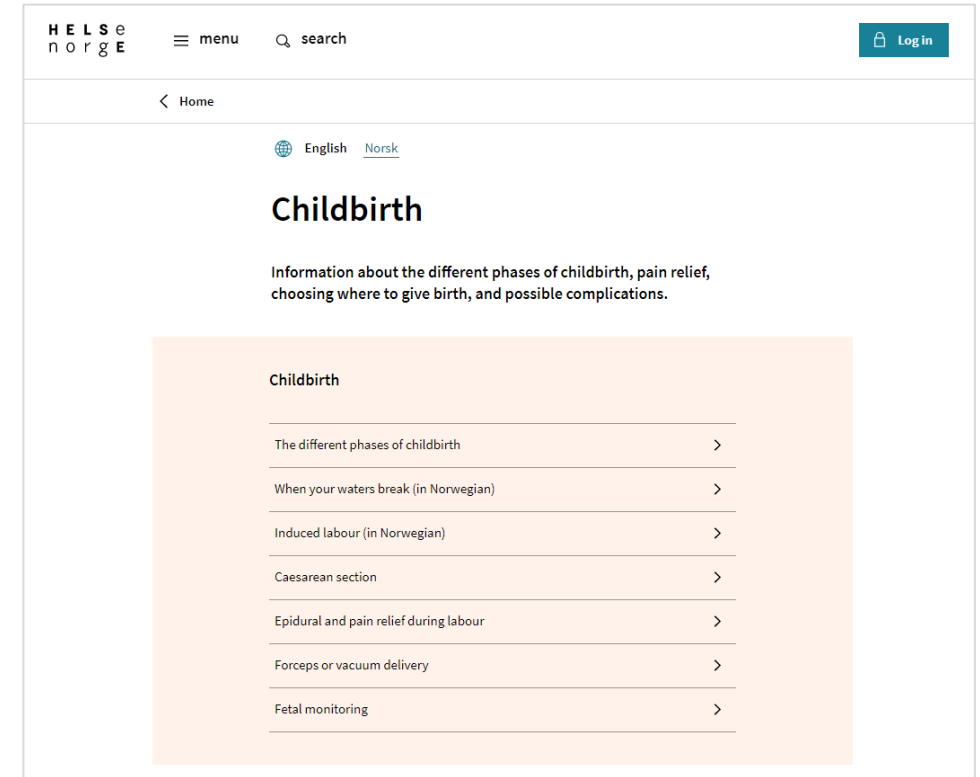

Helsenorge has information about many different health-related topics and you can search in the A-Å (Norwegian) or A-Z (English) table of contents.

# More about the quality-assured content

Under many of the topics there is a lot of various information. You will also find useful links.

At the bottom of each article, you will find information about who has contributed the article and quality-assured the content.

## Log in to self-service solutions

The first time you log in to Helsenorge, you will be asked some questions, and it can seem a bit difficult and time-consuming.

It's really quite easy, though, and it's only the first time you log in that it can take a little while to get going.

The choices you make, for example about access and consent, can be changed later.

# Who can log in to Helsenorge?

Anyone who has a Norwegian personal identification number or an ID number can log in to Helsenorge, but you must be over 16 years old in order to use the digital services on Helsenorge.

You can log in by choosing “Logg inn” at the top right, or anywhere else it says “Logg inn”.

You also need to have an electronic ID and one of these ID-options in order to log in and use the services at Helsenorge.

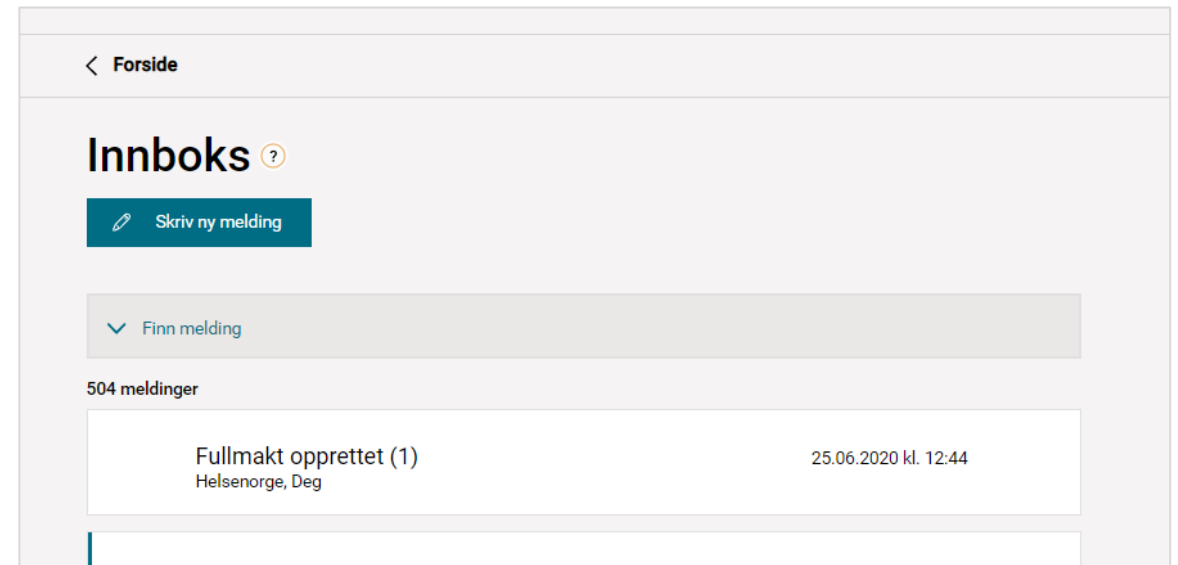

## The user's view of Helsenorge

# Digital user

After you have registered as a user on Helsenorge, you will receive information and messages digitally instead of in the post (for the services that are offered digitally).

This means that if a digital service is introduced at the hospital you belong to, like for instance a notification of an appointment with a physician, you will receive it through Helsenorge and not in the post.

# Overview when you are logged in

Once you have logged in, you will see the services that are available. This overview may be different from one user to another and may change as the existing services change and more services are added.

Some of the services you see may be unavailable for you. This is because digital services differ in the various health service regions in Norway. You can read more about this here: [Services at helsenorge.no](https://helsenorge.no)

It is important that you read about how we handle your personal information. You can do this by clicking “Vis innhold i...”

### Velg hvilke tjenester du vil bruke

Valgene Full, Basis+ og Basis avgjør hvilke tjenester som er tilgjengelig for deg. Med Full får du tilgang til alle tjenestene på Helsenorge. ?

Du har samtykket til **Full**

[Vis innhold i Full](#) ^

Du har rett til innsyn i opplysninger som er registrert om deg. Når du samtykker aksepterer du at aktører som har tillatelse til å sende meddelelser til deg og som tilbyr digitale tjenester, kan initiere dialog med deg.

For å få innsyn må det gjøres et søk ut mot registre som kan tilby digitalt innsyn. Resultatet lagres i en oversikt som utvides etter hvert som nye registre tilbyr digitalt innsyn.

Du har rett til innsyn i pasientjournalen din. Når du samtykker aksepterer du at det kan gjøres et søk mot sykehus som kan ha opplysninger om deg. Du vil få en oversikt over dokumenter som helsepersonell har gjort digitalt tilgjengelige. Dersom du ønsker fullt innsyn, må du ta kontakt med sykehuset hvor du har vært til behandling.

Når du samtykker til bruk av digitale helsetjenester aksepterer du at aktører som har tillatelse til å sende meddelelser til deg, og som tilbyr digitale tjenester, kan initiere dialog med deg. Aktørene kan sende deg informasjon om timer, prøvesvar, brev, skjemaer for utfylling ol. Dette lagres på Helsenorge slik at du får en samlet oversikt. Meldingene kan erstatte tilsvarende kommunikasjon via ordinær post.

Du vil også kunne velge å ta i bruk ulike tjenester eller verktøy som er relevant for helsesituasjonen din. Disse tjenestene har egne vilkår og det skjer ingen behandling av opplysninger før du velger å ta de i bruk.

### Bekreft ditt samtykke

For å få «Basis+» må du samtykke til følgende

Du har rett til innsyn i opplysninger som er registrert om deg. Når du samtykker aksepterer du at aktører som har tillatelse til å sende meddelelser til deg og som tilbyr digitale tjenester, kan initiere dialog med deg.

For å få innsyn må det gjøres et søk ut mot registre som kan tilby digitalt innsyn. Resultatet lagres i en oversikt som utvides etter hvert som nye registre tilbyr digitalt innsyn.

Du har rett til innsyn i hvilke dokumenter pasientjournalen din består av og hvem som har sett på dem.

Når du samtykker til Innsyn i pasientjournal vil du kunne gjøre et søk mot sykehus som kan ha opplysninger registrert om deg. Det vil vises en oversikt over dokumenter som helsepersonell har gjort digitalt tilgjengelig. Dersom du ønsker fullt innsyn, må du kontakte sykehuset hvor du har vært til behandling.

Dokumentene du velger å se på vil ikke lagres på Helsenorge med mindre du selv velger dette.

# Access to your health information

Further down on the “Personverninnstillinger” page you will find **Tilgang til dine helseopplysninger**. Here you can decide how you want to use other types of digital services, as well as how your health information should be shared with various health care services.

To make a change, select **Endre innstillinger**.

# Power of attorney and usage log

Under **Powers of attorney** (“Fullmakter”) you get an overview of who you have given power of attorney to act on your behalf, and who you have received power of attorney from.

Here you can also give a new power of attorney to another person.

Under **Historikk**, your own usage history of the services on Helsenorge is displayed.

If you have given power of attorney to someone else to see your health information, their usage history will also be shown here.

## Fullmakter

Her kan du gi andre fullmakt til å bruke tjenester på Helsenorge på dine vegne, og du kan få tilsvarende fullmakt fra andre. Du vil aldri kunne gi andre tilgang til mer enn du selv har tilgang til.

Du må være over 16 år for å gi en fullmakt, og den som får fullmakten må være over 18 år.

For øyeblikket er det kun enkelte tjenester du kan gi andre fullmakt til å bruke på dine vegne. Etter hvert vil flere tjenester bli lagt til, slik at pårørende kan hjelpe så mye som mulig med digitale helsetjenester.

## Helsenorge - summary

Remember, it is safe for you to use the services at helsenorge.no. We design the services so that it is easy for you to do what you came for and find the information you need.

If you need help in finding the necessary information, you can call the  
**Norwegian National Contact Point for Healthcare at 23 32 70 00.**

Keep in mind that not all of the services are available to everyone. Read more about what services are available here [Services at helsenorge.no](https://helsenorge.no) or [www.nhn.no](https://www.nhn.no) (this website is only in Norwegian).

Now you can get an overview of your own health online. Good luck!
